INTRODUCTION

National Institute of Fashion Technology (NIFT) was set up by the Ministry of Textiles, Government of India in 1986 which has been accorded statutory status under the Act of Parliament in 2006 (NIFT Act 2006) for the promotion and development of education and research in field of Fashion Technology. NIFT provides fashion business education across the country through its network of 18 centers. It provides four years under graduate (UG) program in design and technology, two years post graduate (PG) program in design, fashion management & fashion technology and short duration education program to address the specialized needs of professional and students in the field of fashion. NIFT has its head office at New Delhi with its campuses located at Bengaluru, Bhopal, Bhubaneswar, Chennai, Gandhinagar, Hyderabad, Jodhpur, Kangra, Kannur, Kolkata, Mumbai, New Delhi, Patna, Raibareli, Shillong, Srinagar and Daman. NIFT Gandhinagar Campus is situated on Gh-0 Road, Gandhinagar.

Section – I

1.1 INTRODUCTION OF THE PROJECT

National Institute of Fashion Technology was set up in 1986 under the aegis of the Ministry of Textiles, Government of India. It has emerged as the premier Institute of Design Management and Technology.

In this Campus NIFT Gandhinagar is planning to Development of Design Gallery and designing of the coffee area outside the Director’s Office the same will help in enhancing the ergonomically Operational Productivity. Detailed drawings / layout and specifications of the Design Gallery to be done in Tanariri Basement are attached with the tender document.

E-Bids are invited through the electronic tendering process of “Tender for Development of Design Gallery at NIFT, Gandhinagar” and the tender document has been published on the Central Public Procurement Portal (URL: <http://eprocure.gov.in/eprocure/app>). A copy of the Tender Document is also available on NIFT website (URL: <https://www.nift.ac.in/gandhinagar/tenders>). The submission of e-Bids will be only through the Central Public Procurement Portal (URL: <http://eprocure.gov.in/eprocure/app>). Bids will not be accepted in any other form. The prospective bidders should adhere to deadlines specified in tender details on the portal.

1.2 COMPLETION DETAILS

It is proposed to complete these works (should be ready for acceptance in all respect) within a period of 12 weeks from the date of PO issued. The nature of works broadly comprises as mentioned in **Section – II, Annexure – A: Scope of Work & Specifications.**

1.3 AMENDMENT OF TENDER DOCUMENT:

At any time till one day before the deadline for submission of Bids, NIFT may, for any reason, whether at own initiative or in response to a clarification requested by a prospective Bidder, modify the Bid Document by amendment. All the amendments made in the document would be informed through the Central Public Procurement (CPP) Portal (URL: <http://eprocure.gov.in/eprocure/app>). All such amendments shall be binding on all the Bidders. The Bidders are also advised to visit the aforementioned website on regular basis for checking necessary updates. NIFT also reserves the rights to amend the dates mentioned in Index of this tender.

1.4 GUIDELINES FOR ONLINE BID SUBMISSION

As per the directives of SOI of Expenditure, this tender document has been published on the Central Public Procurement Portal (URL: <http://eprocure.gov.in/eprocure/app>). The bidders are required to submit soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal. More information useful for submitting online bids on the CPP Portal may be obtained at: <http://eprocure.gov.in/eprocure/app>.

1.4.1. Registration

- a) Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL: <http://eprocure.gov.in/eprocure/app>) by clicking on the link "Click here to Enroll". Enrolment on the CPP Portal is free of charge.
- b) As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- c) Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
- d) Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / TCS / n-Code / e-Mudhra etc.), with their profile.
- e) Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSCs to others which may lead to misuse.
- f) Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / e-Token.

1.4.2. Searching for Tender Documents

- a) There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, organization name, location, date, value, etc. There is also an option of advanced search for tenders, wherein the bidders may combine a number of search parameters such as organization name, form of contract, location, date, other keywords etc. to search for a tender published on the CPP Portal.
- b) Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective "My Tenders" folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
- c) The bidder should make a note of the unique Tender ID assigned to each tender in case they want to obtain any clarification / help from the Helpdesk.

1.4.3. Preparation of Bids

- a) Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- b) Please go through the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents – including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- c) Bidder should prepare in advance, the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF formats. Bid documents may be scanned with 100 dpi with black and white option.

1.4.4. Submission of Bids

- a) Bidder should log into the site well in advance for bid submission so that he/she upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- b) The bidder has to digitally sign and upload the required bid documents one by one as indicated in the tender document.
- c) A standard BOQ format has been provided with the tender document to be filled by all the bidders. Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. Bidders are required to download the BOQ file, open it and complete the Blue/Aqua colored (unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BOQ file is found to be modified by the bidder, the bid will be rejected.
- d) The server time (which is displayed on the bidders (dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.
- e) All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128-bit encryption technology. Data storage encryption of sensitive fields is done.
- f) The uploaded tender documents become readable only after the tender opening by the authorized bid openers.
- g) Upon the successful and timely submission of bids, the portal will give a successful bid submission message and a bid summary will be displayed with the bid no. and the date and time of submission of the bid with all other relevant details.
- h) Kindly add scanned PDF of all relevant documents in a single PDF file of compliance sheet.

1.4.5. Assistance to Bidders

- a) Any queries relating to the tender document and the terms and conditions contained therein should be addressed to the Tender Inviting Authority or the relevant contact person indicated in the tender.
- b) Any queries relating to the process of online bid submission or queries relating to CPP Portal in general may be directed to the 24x7 CPP Portal Helpdesk.
- c) Any queries relating to the bid document may be directed to the 079-23265017 & 079-23265015

Helpline Numbers: 0120-4001 002; 0120-4001 005; 0120-6277 787;

Section – II

2.1 INSTRUCTIONS FOR BIDDERS

1. Bidders are requested to submit techno- commercial offer in two parts as per enclosed formats, strictly as per the "scope of work" given in **Annexure – A**.
2. Bidder shall submit tender as per technical details (**Annexure – A to D**) and commercial details mentioned in **Annexure – C** (BOQ).
3. The Bidders are expected to accept all technical / commercial terms & Conditions mentioned in the Bid documents. Any deviations in the terms & conditions should be clearly mentioned in 'Technical & Commercial Deviation Sheets' as per the formats attached. NIFT, however, reserves the right to reject any or all the offers with deviations, (if any) which should be clearly mentioned along with the justification for the same.
4. Offers submitted online mode will only be considered. Offers submitted by physical form / fax or in any manner other than specified above shall not be considered. The bids shall exactly be according to the prescribed formats. Modifications/Rewording of formats shall not be acceptable.
5. This tender is in Two Bid system; accordingly, bidders are required to submit their bids:

Part A — Technical Bid and Part B — Commercial Bid.

2.2 TECHNICAL BID

1. Authority letter from principal manufacturer / OEM (Applicable only for channel partners) as per format attached in **Format B5**.
2. Technical compliance of Terms and Conditions — as per format given in **Annexure – B**.
3. Technical Specifications of the products being offered along with technical brochures as given format in **Annexure – B**.
4. Qualifying Criteria: Bidder must accept all the Term and Conditions as mentioned in eligibility criteria at **Table – 1**.
5. In no case any terms and conditions or technical deviations or any other amendment shall be included in the Price Bid. Any additional options, terms etc. shall be ignored while evaluating the Commercial Bid.
6. All documentations are required to be in Hindi or English.
7. Tender should be filled with neat legible and correct entries. Indistinct figures, erasures and alterations are not permitted in the tender.

8. Failure to comply with these conditions will render the tender void. Please cross out any mistakes and rewrite the same and counter sign.
9. Cost involved in submitting the bids, attending the tender opening meeting, arrangements for the Demonstration / presentation etc. shall be borne by the bidder.

10. SIGNING OF TENDER

The individual signing the tender (or the documents in connection with it) must specify whether he / she is signing as:

- A sole proprietor of the firm, or constituted attorney of such a proprietor.
- A partner of the firm, if it be a partnership, in which case he must have the authority to refer to arbitration, disputes if any, concerning the business of the partnership. Either by virtue of the partnership agreement or power of attorney.
- Authorized signatory of the firm, if it is a company (a letter of the authority in this respect must be enclosed along with the bid)
- A person signing the tender form or any part thereof, on behalf of another, shall be deemed to warrant that he has the authority to bind the other and if on inquiry it appears that the person so signing has no authority do to so, NIFT may without prejudice to other Civil and Criminal remedies, cancel the contract and hold the signatory liable for all costs and damages.
- Each page of the tender form, agreement for purchase and agreement for installation and Maintenance should be signed and stamped for the purpose of the tender offer.

Annexure – A:

SCOPE OF WORK & SPECIFICATIONS

Sr. No. 1: FLOOR TILES, WALL SKIRTING

- Providing and laying Vitrified tiles on floor with different sizes (thickness to be specified by the manufacturer), with water absorption less than 0.08% and conforming to IS:15622, of approved brand & manufacturer, in all colors and shade, laid with cement based high polymer modified quick set tile adhesive (water based) conforming to IS: 15477, in average 6 mm thickness, including grouting of joints (Payment for grouting of joints to be made separately). (Size- 800mm x 800mm)

Vitrified tiles of
size = 800mmx800mm

Sr. No. 2: ROOFING- FALSE CEILING:

- Plain Ceilings: M/F Suspended Plain Ceiling includes Gypserra™ Perimeter Channel {Material-GI(IS513), YS 260 Mpa, Finish-Galvanised 150GSM(IS27)} is fixed along the perimeter of existing wall/ partition with the help of HILTI HPS - 1 (6x40) impact anchor, at 600mm centers.(12.5 mm thick tapered edge gypsum moisture resistant board).
- Providing, fitting and fixing "Laminate sheet" Brown LG 1.25 mm Decorative Laminates
- Applying one coat of primer / alkali resistant primer of approved brand and manufacture on wall surface after thoroughly brushing the surfaces free from mortar droppings and other foreign matter and including preparing the surface even and sand papered smooth.
- Applying emulsion paint of interior grade, the paint variety offers a rich matt finish with fungus & mildew resistance of approved brand and manufacture, including brushes, sand paper etc and additional coats wherever required to achieve even shade and color.

Laminate sheet
Brown LG 1.22mm

Sr. No. 3: ELECTRICAL:

- Wiring for light point/ fan point/ exhaust fan point/ call bell point with 1.5 sq.mm FRLS PVC insulated copper conductor single core cable in surface / recessed steel conduit, with modular switch, modular plate, suitable GI box and earthing the point with 1.5 sq.mm FRLS PVC insulated copper conductor single core cable etc. as required.
- Wiring for light/ power plug with 2X4 sq. mm FRLS PVC insulated copper conductor single core cable in surface/recessed steel conduit along with 1 No. 4 sq. mm FRLS PVC insulated copper conductor single core cable for loop earthing as required.

- Wiring for circuit/ submain wiring along with earth wire with the following sizes of FRLS PVC insulated copper conductor, single core cable in surface/recessed steel conduit as required.
2 X 1.5 sq. mm + 1 X 1.5 sq. mm earth wire
2 X 2.5 sq. mm + 1 X 2.5 sq. mm earth wire
2 X 4 sq. mm + 1 X 4 sq. mm earth wire
2 X 6 sq. mm + 1 X 6 sq. mm earth wire
4 X 16 sq. mm + 2 X 6 sq. mm earth wire
- Supplying and drawing following pair 0.5 mm dia FRLS PVC insulated annealed copper conductor, unarmored telephone cable in the existing surface/ recessed steel/ PVC conduit as required. 1Pair
- Supplying and drawing co-axial TV cable RG-6 grade, 0.7 m solid copper conductor PE insulated, shielded with fine tinned copper braid and protected with PVC sheath in the existing surface/ recessed steel/ PVC conduit as required.
- Supplying and fixing of following sizes of steel conduit along with accessories in surface/recess including painting in case of surface conduit, or cutting the wall and making good the same in case of recessed conduit as required.(20mm, 25mm, 30mm)
- Supplying and fixing following modular switch/ socket on the existing modular plate & switch box including connections but excluding modular plate etc. as required
5/6 A switch, 15/16 A switch, 3 pin 5/6 A socket outlet, 6 pin 15/16 A socket outlet, Telephone socket outlet, TV antenna socket outlet, Bell push.
- Supplying and fixing modular blanking plate on the existing modular plate & switch box excluding modular plate as required.
- Supplying and drawing of UTP 4 pair CAT 6 LAN Cable in the existing surface/ recessed Steel/ PVC conduit as required.(1run of cable).
- Supplying & fixing suitable size GI box with modular plate and cover in front on surface or in recess including providing and fixing 25 A modular socket outlet and 25 A modular SP MCB, "C" curve including connections, painting etc. as required.
- Supplying and fixing following way, single pole and neutral, sheet steel, MCB distribution board, 240 V, on surface/ recess, complete with tinned copper bus bar, neutral bus bar, earth bar, din bar, interconnections, powder painted including earthing etc. as required. (But without MCB/RCCB/Isolator)(8 way double door)
- Supplying and fixing following way, single pole and neutral, sheet steel, MCB distribution board, 240 V, on surface/ recess, complete with tinned copper bus bar, neutral bus bar, earth bar, din bar, interconnections, powder painted including earthing etc. as required. (But without MCB/RCCB/Isolator)98 way (4 + 24), Double door)
- Supplying and fixing 5 A to 32 A rating, 240/415 V, 10 kA, "C" curve, miniature circuit breaker suitable for inductive load of following poles in the existing MCB DB complete with connections, testing and commissioning etc. as required.(Single pole, Double pole)
- Supplying and fixing following rating, double pole, (single phase and neutral), 240 V, residual current circuit breaker (RCCB), having a sensitivity current 30 mA in the existing MCB DB complete with connections, testing and commissioning etc. as required.(40A)
- Supplying and fixing DP sheet steel enclosure on surface/ recess along with 25/32 A 240 V "C" curve DP MCB complete with connections, testing and commissioning etc. as required.
- Providing & Fixing of white RJ 45 Cat 6 Data outlet / information outlets ETL verified to meet or exceed TIA / EIA category 6 requirements, UL listed, for computer networking complete in all respect suitable to fix in existing modular plate type switch system with connections as required.
- Supply, installation, testing and commissioning of 24 Port 100-1000 Mbps Switch 48Gbps Switching Capacity Rack Mountable Design , Non-blocking Architecture Power Inputs: 100 to 240V AC Input ; Power Consumption: Standby: 6.5 watts, Maximum: 13.5 watts ; Operating Temperature: 32 to 104 °F (0 to 40 °C).
- Supply, installation, testing and commissioning of enhanced category 5 patch panels suitable to meet or exceed TIA and ISO component performance requirement, universal wiring may be terminated to T568A or T568B standards with lables and suitable for mounting on to 19"

communication rack. The complete formation shall be suitable for 480 nodes.

- Supply, installation, testing and commissioning of enhanced category 5e mounting cords 3 ft. both side factory fitted RJ 45 connector.
- Supply, installation, testing and commissioning of Wall-mounted 19" cabinet, 6U, glass door, 355 x 600 x 440 mm wall mounted communication Rack with front glass door with lock and key arrangement, rear MS door, passive and active mountable space with 650 mm active switch installable space, horizontal power manager, cable manager, twin fan, cantilever tray and castor wheel fixed. [Make : Rittal / President]

Sr. No. 4: LIGHTING:

- Supplying, fixing and testing of metal galvanized coating electrical cable tray .
- Supplying, fixing and testing of LED 9 Watts Indoor Ceiling Track Light (White). Flexibly Rotatable Light Head – Trackway Included (Pack of 6 lights) .
- Providing, fixing, connecting & testing of Ceiling LED Lights (15w) with complete accessories including painting of fitting and brackets, cutting and making good the walls and floors wherever required.
- Providing, fixing, connecting & testing of Ceiling LED Pride Plus Curve Batten (36W) light with complete accessories including painting of fitting and brackets, cutting and making good the walls and floors wherever required.
- Providing, fixing, testing and commissioning of LED strip rope light (warm white).

Sr. No. 5: AIRCONDITIONING:

- Supply, installation, testing and commissioning of following minimum capacity 4-way flow VRV/VRF Cassette Type Indoor ceiling mounted unit equipped with synthetic washable media pre-filter, fan section with low noise fan/dynamically balanced blower, multispeed motor, coil section with DX Copper coil, electronic expansion valve, outer cabinet, drain pump, grill, necessary supports, vibration isolation, cord less remote control etc., suitable for operation on single phase 230 V \pm 10%, 50Hz AC supply, complete, as required. The unit shall have automatic force shut down provision in case of fire on receiving signal from BMS System. The cooling capacity of indoor unit will be at air inlet conditions of 27 Degree C DB and 19 Degree C WB temperature. (2.4 TR)
- Supply Installation, Testing & Commissioning of modular type Variable Refrigerant Flow/Variable Refrigerant Volume air cooled Outdoor units suitable for cooling and heating, having all hermetically sealed inverter type Scroll Compressor(s), minimum two compressors for above 14 HP modules, microprocessor based Controller, top discharge type condensing unit(s), with R 410 A Refrigerant, vibration isolators, with suitable foundation etc. complete as required. The unit shall deliver the rated capacity at AHRI Conditions and work even at 50°C ambient temperature without tripping. The unit shall be suitable to work on 400V +/- 10%, Phase, 50Hz AC power supply. The unit shall be filled with first charge of the refrigerant and ready for use as required. The COP at AHRI conditions shall not be less than 3.1 and IEER not Less than 6.5.
- Supply, Installation, testing and commissioning including vacuumization and Nitrogen testing of following nominal sizes of soft/hard drawn copper refrigerant piping for VRV/VRF system, Complete with fittings, with suitable adjustable ring type hanger supports, jointing/brazing including accessories, insulated with XPLE Class-O tubular insulation/with Class-O closed cell elastometric nitrile rubber tubular sleeves sections of specified thickness as given below for Suction and Liquid lines, all accessories as per specifications etc. as required:
6.4 mm dia (OD) (Soft drawn) with tube thickness 1.2 mm with 19 mm thick insulation.
- Supply Installation, Testing & Commissioning of 2 Core Round Copper Wires And Cables 4mm For Electric Connections 4 Sq/Mm Grey 15 M Wire.
- Supply Installation, Testing & Commissioning of 1 inch Air Conditioning round Water Drain Pipe PVC
- Supply Installation, Testing & Commissioning of Digital AIR Conditioner ON/Off Switch, Motor Starter AC Starter with Power Protection Overload, HIGH Voltage, Low Voltage (Rectangular)

Sr. No. 6: PLYWOOD AND LAMINATE SHEETS:

- Providing, fitting and fixing in position plywood with 12 mm thick fire-retardant plywood conforming to IS: 5509 (Painting / Varnishing to be measured and paid separately).
- Providing, fitting and fixing "Laminate sheet" Decorative Laminates for the display areas, Accessories display wall, Mannequin display wall, Mannequin display floor, backdrop for the cushion display area, reception table

Sr. No. 7: WPC WALL LOUVERS

- Supplying, installing and fixing of WPC wall louvers (Size - 0.5ft x 9.5ft)

WPC Wall Louvers

Sr. No. 8: ARTIFICIAL GRASS:

- Providing and laying high density artificial lawn/ turf grass premium quality.

Artificial Grass

Sr. No. 9: DISPLAY AREA WITH GLASS BOX:

- Providing and fixing glazing partitions with EPDM rubber / neoprene gasket etc. complete as per the architectural drawings and the directions of engineer-in-charge (12mm thick toughened glass)

Sr. No. 10: STEEL WORK :

- Steel work in built up tubular (round, square or rectangular hollow tubes etc.) trusses etc., including cutting, hoisting, fixing in position and applying a priming coat of approved steel

primer, including welding and bolted with special shaped washers etc. complete. Hot finished welded type tubes. (mild steel 10mm and 25mm)

- Providing, fixing, testing & Commissioning of mild steel sheet of 1mm thickness .
- Providing and fixing Anchor bolt fastener.

Sr. No. 11: FURNITURE :

- Providing, fixing, testing & commissioning of contemporary style Curved Sofa with Brass Cladding gives modern touch, the leather upholstery wraps around the sofa to give it a unique & luxurious look.
- Providing, fixing, testing & commissioning of contemporary style Voyage 4 seater sofa is a perfect combination of beautiful design and comfort. It boasts a stunning copper inlay all through the perimeter and comfortable fabric.
- Providing, fixing, testing & commissioning of contemporary style set of 2 Nested Coffee Table base on the modern touch gives it a unique & luxurious look.
- Providing, fixing, testing & Commissioning of contemporary style Splendid Brown Honey Oak Side and End Table.
- Providing, fixing, testing & commissioning of contemporary style Console Table base on the modern touch gives it a unique & luxurious look.
- Providing, fixing, testing & commissioning of contemporary style coffee table of top quality materials with gorgeous combinations. Crafted from stainless steel, its frame features a cross base in brass finish for a hint of glamour.
- Providing, fixing, testing & commissioning of contemporary style coffee table of top quality materials with gorgeous combinations. Crafted from stainless steel, its frame features a cross base in brass finish for a hint of glamour. base on the modern touch gives it a unique & luxurious look.
- Providing, fixing, testing & Commissioning of contemporary style Grey Arius Side End Marble Table for cushion display.
- Providing, fitting and fixing of medium back chair features basic tilting mechanism, single locking system, fixed lumber support and gas lift for height adjustment.

Sr.

No. 12: T.V UNIT:

- Providing, fixing, testing & commissioning of contemporary style Lynton Wall-Mounted TV Unit base on the modern touch gives it a unique & luxurious look.

Sr. No. 13: WATER FOUNTAIN :

- Providing, fixing, testing & Commissioning of high quality Decorative Fountain of height 6.5ft with stone wall texture as backdrop.
- Providing, fixing, testing & Commissioning of high quality Decorative Trendy Glass Water Fountain of height 5ft .

Sr. No. 14: PAINTING:

- Removing dry or oil bound distemper, water proofing cement paint and the like by scrapping, sand papering and preparing the surface smooth including necessary repairs to scratches etc. complete.
- Providing and applying white cement based putty of average thickness 1 mm, of approved brand and manufacturer, over the plastered wall surface to prepare the surface even and smooth complete.
- Applying one coat of primer / alkali resistant primer of approved brand and manufacture on wall surface after thoroughly brushing the surfaces free from mortar droppings and other foreign matter and including preparing the surface even and sand papered smooth.
- Wall painting with plastic emulsion paint of approved brand and manufacture to give an even shade: Two or more coats on old work.

IMPORTANT:

Necessary hardware as per design and instruction as directed by site in-charge or architect. Complete work project as per detail drawing. The rate shall including all materials, labour and transportation complete as per detail drawing and instruction of engineer-in charge. Including cost of required Cut-Outs, decorative mouldings /finishing items/Scaffolding, and for all heights as per complete as per instruction of engineer-in charge and consultant.

- Material shall be confirmed as per Manufacturer Specification and as approved by Consultant.
- Work shall be carried out as per Architecture drawings & as directed by engineer in charge.
- The rate shall be paid on Sq. Meter of the basis of the work done.

TECHNICAL ELIGIBILITY CRITERIA FOR THE BIDDER TABLE -1

Sr.	Description	Compliance (Yes / No)	Remarks	Page Ref. for Supporting Document
1	The bidder must have average sum of Rs. 1 Crore plus of audited turnover for the past three years bidder to submit the copy of the audited balance sheets for the last three years. Balance Sheet and Profit and Loss document must be attached with bid document (2019-2020, 2020-2021, 2021-22) (As per Format B1) . The bidder must attach audited accounts as supporting documents. Group companies / Sister Concern's balance sheets will not be considered.			
2	The bidder should have certified architect / engineers for deploying design gallery work. Submit List of same. (As per Format B2) .			
3	Bidder should submit detail as per Format B3			
4	The bidder should be in the similar business since at least for 5 years in India and should have executed at least 1 order for similar work and each order should have a minimum value of INR 25 lacs or greater. (As per Format B4) Bidder to give supporting documents for the same.

Section – III: TERMS & CONDITIONS

3.1 GENERAL

1. It is the responsibility of Bidders to read all terms & conditions of this tender carefully before filling the tender. Incomplete tender documents / or bids not responsive enough to the tender terms shall be rejected. NIFT reserves the right to split or reject any or all the tenders without assigning any reason thereof.
2. Any vagueness/incomplete details in the offer shall make it liable to be rejected as such shortcomings in the offer shall be interpreted as incompetence and disinterest on the part of the bidder to meet tender requirements.
3. All "technical / commercial terms and conditions of the bid document shall have to be accepted by the Bidders. Any deviation in the technical /commercial deviation sheet to be enclosed with the technical bid. Along with justification for such deviation. NIFT, however, reserves the right to reject all offers with deviation if the same are not acceptable.
4. Technical bid shall be evaluated as per procedures mentioned in the tender documents. The decision of the committee on evaluation of the bids shall be final and binding to every bidder.
5. Technical brochure/literature/test reports etc., in original, relevant to the products being offered must be enclosed along with offer in the technical bid.
6. NIFT, during and/or after Compliance bid evaluations, may send representatives to visit the work site of the manufacturer to testing and evaluation of the offered equipment to determine the capability and suitability of the equipment being offered for meeting NIFT's requirements. All such visit shall have to be facilitated by the vendor.
7. After the technical evaluations based upon the information supplied by the Bidders and information already available with NIFT, have been completed, the financial bid of only qualified bidders whose technical bid is accepted shall be opened.
8. The date, time and venue of opening of financial bid shall be communicated to the technically qualified Bidders separately.
9. Tenders which do not fulfill all or any of the conditions of tender document shall be rejected outright. Tender with incomplete details is liable to be rejected subject to decision of NIFT. Conditional tender shall not be accepted.
10. NIFT reserves the rights to reject any or all tenders without assigning any reason thereof.
11. NIFT reserves the right for any reduction/increase in the scope of work and the same shall be awarded to the vendor at the same Unit rate mentioned in their bid. Such variation can be up to $\pm 10\%$ of original work.
12. NIFT will have the right to omit, alter, add or cancel any of the items of work shown in the schedule without assigning any reason whatsoever and no claim for compensation will be entertained for the same, NIFT is further at liberty to carry out any items of work departmentally or through any other Tenderer and no compensation will be paid to the main Tenderer on that account.
13. Before submitting the Tender, the Tenderer shall visit and examine the site situated **at**

NIFT, GH-0 Road, Near Infocity, Gandhinagar and satisfy himself as to the nature of the existing setup etc. where he has to executed the Design Gallery Works or other means of communications, the correct dimensions of the works to facilitate for procuring various materials and shall obtain generally his own information on all matters and conditions affecting the execution of the works. No extra charge made in consequence of any misunderstanding or incorrect information on any of these points or on the grounds of insufficient description will be allowed.

The Tenderer shall be deemed to have satisfied himself before tendering as to the correctness and sufficiency of his tender for the works and of the rates and prices quoted in the schedule of quantities which rates and prices shall except as otherwise provided cover all his obligations under the contract and all matters and things necessary for the proper completion and maintenance of the works.

Further, L1 (lowest bidder) will be decided on the basis of quoted amount given by the bidder. However, least quoted amount will be the sum of price bids (grand total) quoted by the bidder.

14. Before filling the tender the, Tenderer should check all drawing and schedule of quantities and will get an immediate clarification from Engineer in Charge as required on items not clearly understood. Any claim for any loss or compensation will not be entertained on this account.
15. The rates quoted by the tenderer shall be for finished work measured at site and should include supply of all materials, wastage, labour, tools tackles, marking out and clearing of the site and liaison charges and which is not specifically mentioned here. The total amount/rate shall also be inclusive of GST, works contract tax and any other duties / taxes / cess levied by the Government or any other Concerned Authorities.
16. Contract can be terminated by either party by giving three months' notice in advance. However, NIFT reserves right to terminate the contract without notice either before the expiry of the term or if in case the work performance of the contractor is not up-to the standard or in case there is any violation of any condition of the contract agreement, or if there is any lapse in compliance of any labour legislation/laws, or if there is any incident of indiscipline on the part of the Tenderer or his staff. The decision of NIFT in this regard would be final and binding on the Contractor.
17. It will be the responsibility and liability of the contractor to have Accident Insurance Policy of his staff to cover accidental risk as per Workmen's Compensation Act, during development of Design Gallery work, NIFT will not be liable in this regard in any manner.
18. All Statutory obligations under various laws from time to time will have to comply by the contractor for which no extra payment shall be made to him at any time during the contract period.
19. The contractor shall undertake that any act of omission or commission including theft, by his staff shall be his sole responsibility and further that he would compensate it along with any loss/damage occurring on account of his staff individually or collectively in the institute immediately.
20. The contractor shall ensure that the staff engaged by him for Design Gallery work shall not smoke beedies, cigarettes or take alcoholic drinks and nor they are allowed to chew pan, areca nut, tobacco items etc. in the campus.
21. The Bidders shall also give particulars of the banker(s), for reference to NIFT.

3.2 VALIDITY OF THE OFFER

The offer should be valid for six months from the date of receiving of bids; it can be further extended for the period of three months.

3.3 RIGHT OF ACCEPTANCE

After qualifying technical criteria, lowest bidder will be considered for award of work order. NIFT reserves the right to accept a part of the quantity offered, and the Bidders shall supply the same quote rates. The Bidders shall supply the ordered quantity at quoted unit rates. NIFT reserves the right to reject any or all offers received in response to tender or cancel/withdraw the tender notice without assigning any reason. Bidders. NIFT may call upon one or more Bidders for demonstration of all or any quoted item at NIFT Campus. No cost will be paid for such demonstrations.

3.4 DELIVERY & COMPLETION PERIOD

Delivery of all deliverables at NIFT shall have to be completed within 6 weeks from the date of placing a firm order by NIFT. The successful installations, commissioning and acceptance testing shall have to be completed within 12 weeks from delivery. Bidders are requested to specifically note that time is the essence of this tender and therefore no request for extension of delivery period by the Bidders, except due to reasons of force majeure shall be entertained.

The indenter's right to inspect, test and, where necessary, reject the Goods after the Goods arrival at Customer Site shall in no way be limited or waived by reason of the Goods having previously been inspected, tested and passed by the Purchaser or its representative prior to the Goods shipment.

3.5 EVALUATION OF THE BIDS

After the closing time of submission, the eligibility criteria evaluation will be carried out of the responsive bids. The technical bids of the bidders who are complying with all the eligibility criteria will be opened and evaluated next. The financial bid of the technically qualified bidders will be opened and financially L1 bidder will be decided from the sum total of prices for all line items with 3 years warranty.

3.6 PRICE BIDS

Bidders should necessarily submit their financial bids in the provided **BOQ.xls** file uploaded on CPP Portal and no other format is acceptable. The prices mentioned in BOQ shall be considered for evaluation and comparison of bids. Bidders are required to download the BOQ file, open it and complete the Blue coloured (unprotected) cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online, without changing the filename. If the BOQ file is found to be modified by the bidder, the bid will be rejected.

- a) This Price should be all inclusive landed cost at NIFT and removing of existing infrastructure.
- b) Price Bid of each item need to be filled. Incomplete / Partial Bid may lead to the rejection of the entire Bid.
- c) No claim what so ever shall be entertained by NIFT on account of revision Upward / Downward in the rates of excise duty, sales tax and octroy during the validity of the offer.
- d) Price shall be inclusive of all freight, forwarding, transit insurance, installation charges & removing existing infrastructure etc. if any.
- e) Prices shall be inclusive of Excise Duties. The prices shall strictly be submitted in the given format. Quoted prices shall be inclusive of all taxes except GST. The tax components like GST as applicable

shall be mentioned separately in the respective columns.

- f) Payment of materials and service charges including labour work should be made on actual basis.
- g) NIFT will not pay any additional amount over and above the order value. Bidder has to execute the project within the quoted / order value.

3.7 PENALTY CLAUSE

Time is of the essence for this Tender. Penalty shall be imposed at the rate of Rupees Five Hundred (₹500/-) per day for any delay in Full Delivery / Installation beyond the specified period, up to a maximum of 5% of the total value of the Order.

Delay in excess of 12 weeks from the date of confirmed purchase order will be sufficient to cause for termination of the contract. In that case the Performance Bank Guarantee of the bidder will be forfeited subject to the decision of competent authority, which will be binding to the agency.

In case, the selected bidder does not supply the ordered items for any reason, the bidder will be liable to pay the difference amount to the purchaser, over and above the performance guarantee, which indenter department has to pay to the next or other selected bidder for purpose of the said items.

The Liquidated Damages may be waived in case deliveries are delayed owing to reasons for Force Majeure. NIFT decision in this case shall be final and binding.

However, if the delays on part of supplier affect the total schedule / completion of the project, then NIFT reserves the right to cancel the order at any stage of work and award the order to any other agency at the risk and cost of the original Bidder. In this scenario, NIFT may forfeit the Performance Bank Guarantee submitted by the Bidder.

3.8 WARRANTY

The onsite warranty and spares if required will be for 38 months from the date of delivery or 36 months from the date of acceptance.

The warranty shall cover all products and services provide by the Bidder. No boarding, lodging or transport shall be provided by NIFT on this account.

3.9 PAYMENT TERMS

- 25% of the payment against delivery of all materials to site and physical inspection by the NIFT in Charge.
- 75% on successful installation and acceptance of all items along with documentation / reports and satisfactory operation.

3.10 TERMINATION FOR DEFAULT

- The Purchaser may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Bidder, terminate the Contract in whole or part:
- If the bidder fails to deliver any or all of the Goods within 6 weeks from the date of purchase order, or within any extension thereof granted by the Purchaser or
- If the Bidder fails to perform any other obligation(s) under the Contract/Purchase order.
- If the Bidder, in the judgment of the Purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.

- For the purpose of this clause:

"Corrupt practice" means the offering, giving, receiving or soliciting of anything of value of influence the action of a public official in the procurement process or in contract execution."

"fraudulent practice: a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the purchaser, and includes collusive practice among Bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the purchaser of the benefits of free and open competition;"

In the event the Purchaser terminates the Contract in whole or in part, pursuant to Clause above, the Purchaser may procure, upon such terms and in such manner, as it deems appropriate, Goods or Services similar to those undelivered, and the Bidder shall be liable to the Purchaser for any excess costs for such similar Goods or Services. However, the Bidder shall continue the performance of the Contract to the extent not terminated."

3.11 FOR ERECTION JOBS AND OTHER SERVICES

Income Tax shall be deducted at source by NIFT from all the payments made to Vendor according to the income tax act, unless valid and complete documents for IT exemption are submitted by vendor prior to release to payment.

3.12 RESULTS OF THE TENDER

Acceptance of the tender shall be communicated by NIFT through email/courier in the form of Letter of Intent to the successful Bidder. The successful Bidder shall give the acceptance of LOI in writing to NIFT within 3 Days of issue of LOI /PO, failing which it will be presumed that it has been accepted by the bidder.

3.13 BID SECURITY

- I. EMD: ₹ 1,50,000/- (One Lakh Fifty Thousand only) in the form of Demand Draft in Favour of "National Institute of Fashion Technology, Gandhinagar" payable at Gandhinagar / Ahmedabad. DD of EMD is to be submitted in sealed cover super scribing EMD for "Design Gallery Work at NIFT Gandhinagar". No interest shall be paid on the said EMD and will be returned after finalization of the tender. However, in the following events EMD may forfeited:
 - a. If information declared/document submitted found false / fake / forged
 - b. If the selected/ successful bidder does not accept the W.O., or unable to supply the product
 - c. If the bidder withdraws his bid/ quote during tender process.

3.14 PERFORMANCE GUARANTEE

- a) The successful bidder shall deposit an amount equal to 5% of the value of contract (total price including GST as quoted in financial bid) as performance Security Deposit (SD) in form of Demand Draft/Bank Guarantee within 15 days after award of bid.
- b) Performance security should remain valid for a period of completion of all obligations under the contract, including warranty.
- c) No interest will be paid on such deposit. Security Deposit will be refunded on completion of all obligations under the contract including the warranty after adjusting dues, if any.

3.15 PROJECT IMPLEMENTATION

1. The Vendor will implement the project strictly as per the plan approved by NIFT.
2. Appointed official designated by the NIFT will be In-Charge officials of the Project and all inspection, installation; commissioning and acceptance of work will be undertaken by vendor which will be approved by appointed officials / committee of the NIFT. The work will be verified, measured and accepted by the in-charge officials for release of payment.
3. In case of the material/solution supplied and installed is rejected owing to its non-conformity to the specification or due to the poor quality of workmanship, the same shall be replaced promptly.
4. Vendor shall treat all matters connected with the contract strictly confidential and shall undertake not to disclose, in any way, information, documents, technical data, experience and know how, without prior written permission from NIFT.
5. NIFT will not pay any additional amount over and above the order value. Bidder has to execute the project within the quoted / order value.
6. In the event of the delay in delivery of contracted services or services is not satisfactory the purchaser may procure goods from elsewhere as prescribed in bid and Vendor shall be liable without limitations for the difference between the cost of such substitution and the price set forth in the contract for the goods involved i.e. at the risk and cost of the Vendor.
7. The Supplier shall be responsible and take required insurance for all of their representatives working on the site at their own cost. NIFT will not be responsible for any injury, loss or damage to any of the representatives of the Supplier during the said contract.
8. All work shall be performed and executed by the Supplier in strict conformity with the engineer-in-charge /representative from NIFT and any relative instruction issued to the Supplier by the Engineer in-charge from time to time.

3.16 LIMITATION OF LIABILITY

Bidder's cumulative liability for its obligations under the contract shall not exceed the contract value and the Bidder agency shall not be liable for incidental, consequential, or indirect damages including loss of profit or saving.

3.17 RISK PURCHASE

NIFT on identifying any material breach of contract by Bidder shall give Bidder a cure period of 90 days to correct the breach. If Bidder fails to cure the breach in the agreed duration and accept its inability to correct, NIFT may terminate the part of the contract that is breached and employ a third party to do the work on behalf of Customer, at no risk & cost of Bidder. Bidder shall not be liable for any compensation for the work executed this way. Bidder shall execute the balance part of work as agreed under the contract.

3.18 JURISDICTION

All questions, disputes or differences arising out of, or in connection with the contract shall be referred to the sole arbitrator, appointed under the provisions of Indian Arbitration Act by NIFT. All disputes shall be subject to Gandhinagar Jurisdiction only.
