Meghalaya emerged as a full-fledged State within the Union of India on 21st January 1972.

'Meghalaya' meaning 'abode of clouds' reflects the salubrity of its climate. The wettest places in the world are also located here. The State has an area of 22429 sq. km. and is located between 24°57' and 26°10' North latitudes and 89°46' and 92°53' East longitudes. The temperature varies from 2 degrees Celsius to 35 degree Celsius depending upon the altitude which varies in hills from 300 metres to 2000 metres above mean sea level. It has predominantly hilly terrain with foothills as plains and flood-prone areas.

ABOUT SHILLONG

Public transport in Shillong

By Buses:-

For places within city limits, city buses are good options.

There are two kinds of buses that pass from Shillong - city bus and bazaar bus. City buses are what tourists should use. Bazaar buses are for villagers coming to Shillong to sell their products. Most of times they carry vegetables, fruit, poultry, etc, along with people. City buses are notoriously slow. Drivers move their buses from the bus-stop only when the bus gets packed or another bus arrives.

Many times you will find that walking will take you earlier to your destination.

By Taxi :-

Black and yellow un-metered shared taxis ply within city limits. These are faster and are always shared; rates may vary from INR 10 to INR 50 maximum. Being shared taxis, drivers often pick up additional passengers en route to the same destination, in order to make a better fare. If one decides to negotiate the "hire" of a taxi, however, the driver will not pick up any more passengers (or stop roadside to find more) but the fare will be significantly higher than if one had just hailed the taxi as it passed by.

For sightseeing it is a good idea to hire a taxi cab for full day. The fares should be fixed before travel. Hotel staff will be able to give you an idea of reasonable rate.
