

National Institute of Fashion Technology Bhopal

HYBRID PROGRAMME 2022

(Mode: Online + Offline)

ABOUT NIFT

National Institute of Fashion Technology (NIFT) was set up in 1996 under the aegis of Ministry of Textiles, Government of India. NIFT has emerged as a leader in fashion education with the ability to integrate knowledge, academic freedom, critical independence, creative thinking. A history of being in existence for more than 25 years stands as a testimony to our fundamentals where academic excellence lies at the core. The institute has stood as a beacon of serious critical engagement a key enabler in developing competent professionals. Academic inclusiveness has been a catalyst in the expansion plans of the institute.

Today, NIFT has spread wings across the length and breadth of the country. Through its 17 professionally managed centres, NIFT provides a framework to ensure that prospective students from different parts of the country achieve their highest potential through the programmes offered. Since the early years of its inception, the institute has provided a firm grounding in fashion education in the domain of design, management and technology. From then until now, NIFT has scaled high academic standards.

Through its journey, NIFT has achieved a strong academic strategy. Invigorating thought leadership, research stimulus, industry focus, creative enterprise and peer learning have reinforced the institute's academic bedrock. Fostering a new generation of creative thinkers, today, the institute is empowered to award degrees in undergraduate, post graduate and doctoral studies. Articulating the ideology of world-class learning practices, the institute has entered into strategic alliances with leading international schools.
