74<sup>th</sup> Independence Day Competition

2 minute video to show creativity, independence from COVID19

August 15<sup>th</sup>, 2020

Shrishti Gupta ( TD 5 )  
Winner

We know that this pandemic has changed us as social animals but a lot of things around as well. Where everything is turning into digital, this Independence Day, we should take a pledge to let free our nature and Mother Earth too. Now, the vacations are not going to be about partying and littering on the beach or polluting it, the new normal is going to be relaxing at home with family. How did we greet our friends before? Yes, you can say Hi to them but actions will not be the same. But we know, ultimately this universe keeps evolving for the best and we should keep looking at the brighter side.

“SOME DANCE TO CELEBRATE AND SOME DANCE  
TO FORGET”

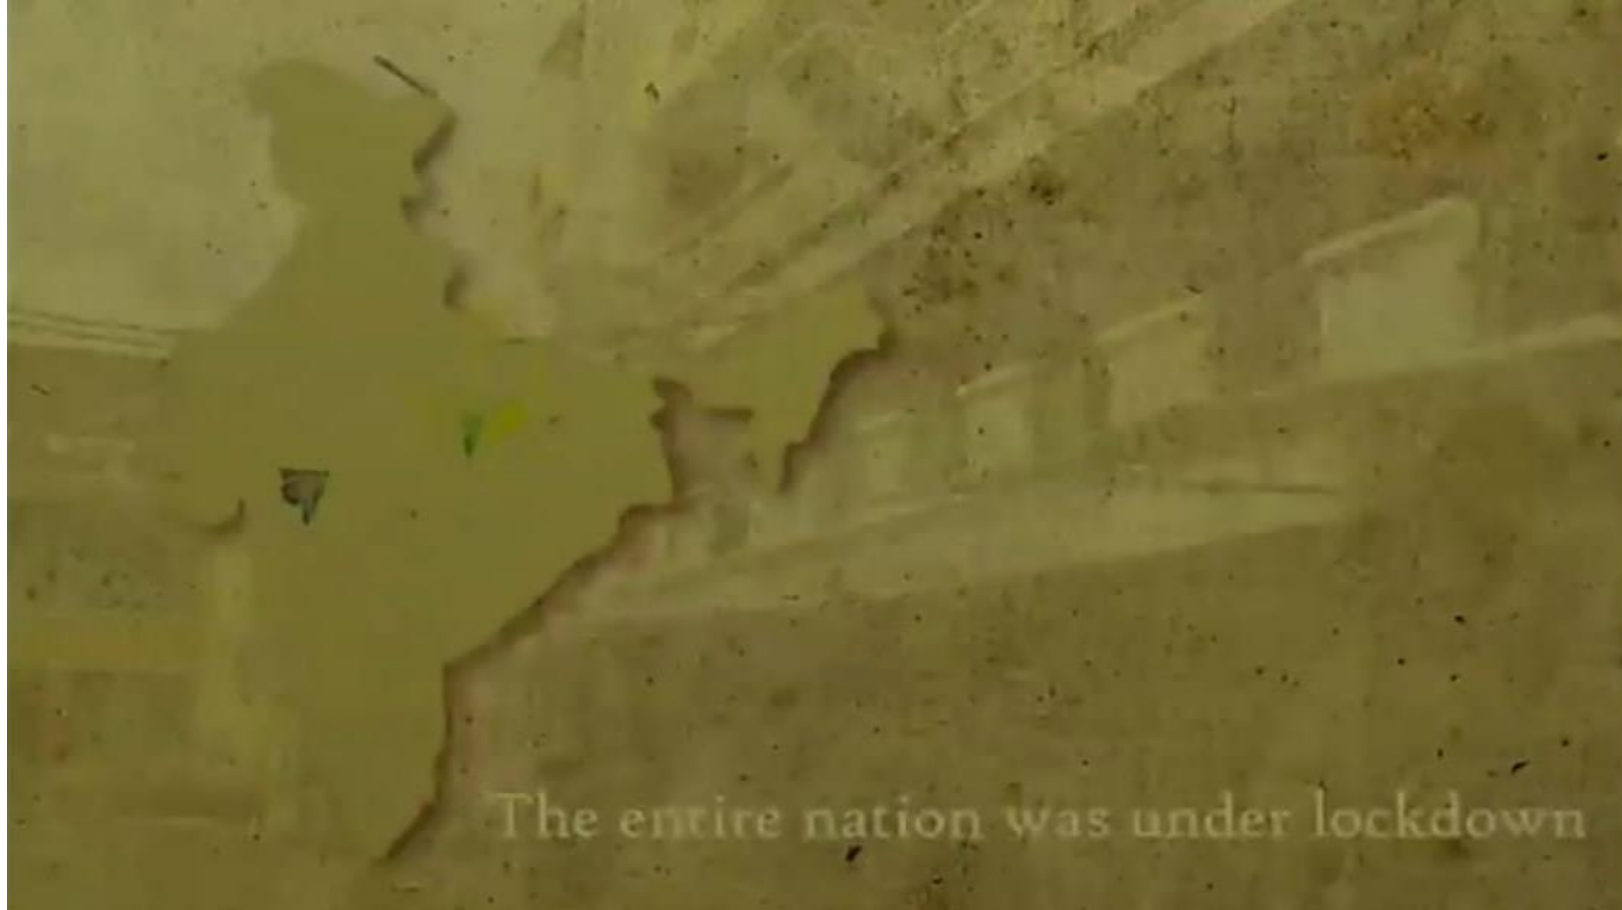

And I dance today to celebrate and lend my gratitude to  
our superheroes, safeguarding billions of smiles and  
saluting their families and loved ones who lose them with  
a just a smile.

This Makeup inspired by the theme of "Independence Day in the times of Covid19". During these tough times we have to show Strength like Saffron, Care & Peace like White and Motivation & Fruitfulness like Green.

As new trend follows the mask is not only an accessory but it is the key to our salvation. Mask representing the tricolour, dignifies that as a nation we will show Strength, Care and Fruitfulness to protect our country from the great tragedy and will overcome from this situation with our Head's held High.

Anurag Yadav ( TD 5 )

Our aim may be as high as the endless sky, but we should have a resolve in our minds to walk ahead, hand-in-hand and the victory will be ours. You must be the change you want to see in the World. Jai Hind Jai Bharat

Ignoring all the riots and religious discriminations , we stand together as INDIANS . Unity has always been our strength . This video is a tribute to all the fighters who fought till their last breath to make our Golden Bird Independent ; to the Army Men who are still risking their lives to keep us safe . We could never thank them enough for their sacrifices.
