## शुद्धि पत्र

## CORRIGENDUM

NIFT Gandhinagar Campus has floated for "Tender for Supply, Installation, Testing & Commissioning of IP based CCTV Surveillance System and Integration with existing Local Area Network (LAN) at NIFT- Gandhinagar" with TenderNo. 8851(12)/NIFT-GNR/IT/2025.

| **Clause/Query** | **Modified Description** |
|---|---|
| BOQ Page 25 of Product Warranty (Dome Camera, Bullet Camera , NVR and Surveillance Hard Disk Drives (HDDs)) | In this regard, it is hereby clarified that the **final and overriding warranty applicable shall be the OEM product warranty**. Accordingly, the warranty duration for the following items shall be **read and construed as 3 (Three) Years only**:<br>• CCTV Dome Cameras<br>• CCTV Bullet Cameras<br>• CCTV PTZ Camera<br>• 64 Channel-Network Video Recorder (NVRs)<br>• Surveillance Hard Disk Drives (HDDs) |
| SI Support Period and Product Warranty | During the entire OEM warranty period, the **Supplier / System Integrator shall be responsible for providing end-to-end support**, including coordination with the OEM, troubleshooting, repair/replacement, and ensuring full functionality of the supplied system. |
| Integration of Existing 45 CCTV Cameras(Serial Number 19(BOQ-Services in Page number 26) | It is hereby clarified that **all existing 45 (Forty-Five) CCTV cameras shall be integrated and connected with the newly supplied NVR(s) and network switch(es)**. The existing cameras shall **not continue on the old NVR or switching infrastructure**, and shall instead operate through the **new NVR and new network switches**, strictly **as per the existing network configuration and site conditions**.<br>The **System Integrator / Supplier shall be responsible for end-to-end integration**, configuration, testing, and commissioning of the existing cameras with the new system to ensure seamless and uninterrupted operation. |

| | |
|---|---|
| | **Supply and Installation Components**<br>All required **installation and integration components**, including but not limited to:<br><br>• Cables<br>• Junction Boxes<br>• Conduits / Pipes<br>• Casing & Capping<br>• Connectors and allied accessories etc.<br><br>shall be **supplied and installed by the Seller strictly as per the BOQ**, at no additional cost to the Client.<br><br>**Details of Existing CCTV Cameras**<br>The details of the existing CCTV cameras are as under:<br><br>1. **Dome Cameras**<br>o Number of Cameras: 18<br>o Make: CP Plus<br>o Model Number: CP-UNC-DV-O-HD<br>2. **Bullet Cameras**<br>o Number of Cameras: 27<br>o Make: CP Plus<br>o Model Numbers: CP-UNC-B-H-HD, CP-UNC-TA21ZPL5-M<br><br>These existing cameras shall be integrated with the new system. The bidder shall ensure **compatibility, ONVIF-based integration (where applicable), configuration, and performance tuning** for smooth operation with the new NVR and network switches.<br><br>Any additional architectural or network-level configuration required for successful integration shall be deemed included in the scope of work.<br><br>This clarification shall form an integral part of the tender document. Bidders are advised to take note of the above while submitting their bids. |
| Camera configuration, recording mode & recording retention period | Recording configuration parameters for the CCTV surveillance system. The following clarification is hereby issued and shall be treated as a **Corrigendum** to the tender document:<br><br>**Recording Configuration and Retention Requirement** |

| | | |
|---|---|---|
| | | It is hereby clarified that the CCTV system shall be configured to ensure **motion-based recording with a minimum recording retention period of at least 30 (Thirty) days**, as per the operational requirement of **NIFT**.<br><br>For the purpose of uniform configuration and storage planning, the recording parameters shall be configured as under (or better, as supported by OEM equipment):<br><br>• **Recording Resolution:** Full HD (1080p) / Camera's native resolution, whichever is lower<br>• **Compression Standard:** H.265 / H.265+ (or equivalent OEM advanced compression)<br>• **Frame Rate (FPS):** Up to 20–30 FPS for motion-based recording<br>• **Bitrate:** Variable Bitrate (VBR), optimized to ensure video clarity while meeting the 30-day recording requirement<br>• **Recording Mode:** Motion-based recording with pre-event and post-event recording enabled<br><br>The **Supplier / System Integrator shall be responsible** for:<br><br>• Proper configuration of all cameras and NVRs,<br>• Storage sizing and optimization, and<br>• Ensuring that the system consistently maintains **a minimum of 30 days of recorded footage**, without degradation of performance or video quality.<br><br>Any adjustments required in bitrate, FPS, or compression to meet the above retention requirement shall be deemed included in the scope of work, with **no additional financial implication** to the Client.<br><br>This clarification shall form an integral part of the tender document, and bidders are requested to take note of the above while submitting their bids. |
| Network rack front door specified as acrylic | | kindly provide as required it is available in market |

| | |
|---|---|
| Cat6 cable Specification mentions "MAC Address List Thickness 0.60 mm (nominal)", Page no 24: Technical Specification Section | The specification clause mentioning **"MAC Address List Thickness 0.60 mm (nominal)"** is hereby corrected and shall be **read as "Cable Diameter: 6.1 mm (nominal)"**. |

All other terms and conditions of the Bidding Document remains unaltered.

This document shall form an integral part of the bidding document and shall be signed/stamped and submitted along with the bid.

Date : 01.01.2026
