1. INTRODUCTION:

National Institute of Fashion Technology (NIFT) was set up by the Ministry of Textiles, Government of India in 1986 which has been accorded statutory status under the Act of Parliament in 2006 (NIFT Act 2006) for the promotion and development of education and research in field of Fashion Technology. NIFT provides fashion business education across the country through its network of 16 centers. It provides four years under graduate (UG) program in design and technology, two years post graduate (PG) program in design, fashion management & fashion technology and short duration education program to address the specialized needs of professional and students in the field of fashion. NIFT has its head office at New Delhi with its campuses located at Bengaluru, Bhopal, Bhubaneswar, Chennai, Gandhinagar, Hyderabad, Jodhpur, Kangra, Kannur, Kolkata, Mumbai, New Delhi, Patna, Raibareli, Shillong and Srinagar.

NIFT, Kannur center was established in the year 2008 with undergraduate and post graduate programs.

2. Invitation for Expression of Interest

Expression of Interest (EOI) is invited for consultancy services from qualified, experienced, and competent Architectural Consultants for Designing rain protection structures for various buildings at NIFT – Kannur augmenting with the present architecture. Such an organization is hereinafter referred to as "Applicant".

The scope of work includes the preparation of concept plan, detailed architectural drawings with material, structural drawings, specifications, External & Internal views, cost estimations and tender preparation formalities, the interiors including flooring, ceiling, joinery, furniture details, lighting, acoustics and other utilities as required.

The interested firms should apply online and submit their tender and the bids along with scanned copies of all the relevant certificates, documents, etc. in support of their technical & price bids – all duly signed – on the <https://nifttenders.eproc.in> from **10.07.2018** to **31.07.2018** **Extended up to 13.08.2018 up to 05.00 P.M.** Tender documents is also available for viewing on the “tenders” link of the NIFT website i.e. <http://www.nift.ac.in/kannur/tenders> No other mode of application will be considered & application will not be accepted.

For applying online, the Firm should get itself registered at <https://nifttenders.eproc.in> by paying

- Registration Charges of **Rs. 2000/- + 360/-** (inclusive of GST) = 2360/- (Two Thousand Three Hundred and sixty Only - non-refundable).
- Bid Processing Fee charges of **Rs. 1200/- + 216/- (inclusive of GST) = 1416/-** (One Thousand four Hundred and sixteen only - non-refundable) through online payments only.

The Firm should ensure that it complies with the requirements as per works before applying for tender. The firms after submitting the tender online should submit a hard copy of the same with all relevant supporting documents by 26.07.2018 up to 12 P.M. -submission of hardcopy as directed will lead to rejection of the tender application.

The sealed hard copy of the tender shall be submitted in one big envelope superscripting "Designing rain protection structures for various buildings at NIFT Kannur" containing two separately sealed small envelopes, one for "Technical Bid " and another for "Financial Bid " superscripting as such and addressed to The Director, National Institute Of Fashion Technology, NIFT Campus, Dharmasala, Mangattuparamba, Kannur, Kerala. Pin - 670562. The hard copies of sealed tenders documents can also be handed over in the office on or before ~~02.08.2018~~ 14.08.2018 up to 12.00pm

The technical bid envelope must contain the technical bid in prescribed Performa as per Annexure – I along with a demand draft of Rs.590/-- (Rupees Five hundred ninety only) towards cost of tender (non-refundable) and Earnest Money Deposit (refundable but non-interest bearing) of Rs. 30,000/- (Rupees Thirty Thousand Only) favouring National Institute Of Fashion Technology and payable at Kannur with all relevant documents in support of eligibility and experience criteria. The financial bid envelope must contain only the financial bid. The financial bid shall include all the charges including all taxes etc. to complete the work in all respect. NIFT will not accept any claim other than mentioned in financial bid.

The technical bid will be opened at NIFT, Kannur, and office of Joint Director on ~~02.08.2018~~ 14.08.2018 at 4.00 P.M. in the presence of the bidders/ their authorized representatives who wish to be present. The Financial bid will be opened on the date which will be communicated to only those bidders who are found to be technically qualified after evaluation of technical bids.

Bids received shall be evaluated as per the Criteria prescribed in the tender document. NIFT will not entertain any modifications subsequent to opening of bids and bids not conforming to tender conditions shall be liable to be rejected. Therefore, bidders are advised to submit their bids complete in all respects as per requirement of tender document specifying their acceptance to all the clauses of Bid Evaluation Criteria, General terms and conditions and compliance to the Scope of Work requirement etc.

The NIFT reserves the right to accept or reject any or all the tender without assigning any reason thereof .NIFT will open the Technical Bid in first and Financial bid will be opened subsequently in the presence of authorized representatives.

Correspondence Address: The Director, National Institute of Fashion Technology, NIFT Campus, Dharmasala, Mangattuparamba, Kannur, Kerala. Pin-670562.

3. Broad Scope of Work

The permanent campus of **NIFT Kannur** is situated at Mangatuparamba, Dharmasala near Kannur. It is a 10 acre campus with academic building, workshop, canteen, hostel block and auditorium. The existing architecture of NIFT Kannur engages space, structure and colour to create a symbolic whole. The main building is a circular structure spiralling vertically from 2 floors to 8 floors.

The broad scope of work also includes developing rain protection structure for various buildings at the campus as described in the table below. The concept of the design should blend with the current architecture and augment the functionality as rain protection that can withstand the local climate conditions. In addition to form and functionality the design should also create spaces that encourage human interaction provide a stimulating environment for academic pursuit and social interaction suitable for a fashion institute.
