

## **Message for Graduation Show 2021**

It gives me immense pleasure to be part of the graduation show 2021 and witness the final outcome of the students' academic journey at NIFT. This outcome in the form of a graduation show is and will always be special to us, as all of you have successfully executed the projects in the most turbulent times which have never been witnessed by the present human generation.

In fact, it is a matter of fulfilment that while the entire world was fighting the pandemic battle with uncertainty, NIFTians executed their projects within given framework and as per the bar set by NIFT and Industry standards.

History will forever remember the class of 2021. Your commitment towards your learning turned out to be stronger and much more powerful than the challenges and obstacles you faced that had never been seen in a students' academic life. The passion with which you continued your journey especially in last 15 months on a daily basis is a demonstration of your dedication , resilience and hard work .

Remember that you are part of the NIFT fraternity and will always be supported by the NIFT family. All of your hard work and perseverance has led you to this proud moment in your life. My best wishes for all your future endeavours. I once again take this opportunity to congratulate the class of 2021 the very best for a successful and rewarding future.

Prof. Dr. Vandana Narang
