

Dean's Message

Dear Graduating Students of the batch of 2023,

Congratulations to all of you for successfully completing your final projects.

You are on the threshold of a new beginning...similar to when you finished your schooling... apprehensions about new assignments...embarking on a new journey.

As NIFT alumnus you are our brand ambassadors. The skills, learning and experience that you have gathered over the years with us and your tenures with craft sector, internships and projects has prepared you well for the Industry. Continue with the process of learning new skills; the world is changing and industry is evolving. Stay relevant and innovative and forge your own path.

I read these lines somewhere and saved it to share with you all. These are my sincere wishes for all of you.

Learn to love without condition
Talk without bad intention
Give without any reason
and most of all,
Care for people without expectations.
Smile without selfies.
And live life boldly,
without being pushed by fear.

Hope you will stay in touch with your faculty and campus and keep us informed about your well-being, achievements, and milestones.

Know that your value comes from what you do and how you do. May you find strength in your chosen pursuits.

Stay blessed...always!

Prof Dr Sudha Dhingra
Dean(Academics), NIFT
